

New Frontiers of Research for Safeguarding Intangible Cultural Heritage

Organized as an academic and interdisciplinary conference, this international event aims to explore new approaches and methodologies for research and safeguarding of intangible cultural heritage (ICH) in the Asia-Pacific region and beyond, reflecting the changes and developments in ICH research and safeguarding over the past 20 years since the adoption of the 2003 Convention for the Safeguarding of ICH. With growing awareness of the vital role that ICH plays in social, economic, and environmental development, the conference will cover a wide range of topics, including issues and challenges related to economic development, emergencies, gender, migration, and more, aligned with the thematic initiatives and priorities highlighted by UNESCO. The conference provides a unique platform for researchers working on ICH, both within and outside the framework of the UNESCO's 2003 Convention, to gather in one place and engage in critical yet constructive discussions and exchanges of views and perspectives on the future of ICH research and safeguarding.

 **13-15 February 2025**
10:15-17:00

 **Conference Room 5 (2F)**
National Museum of Ethnology
Address: Senri Expo Park 10-1, Suita City, Osaka
565-8511, Japan

Organizers:

- International Research Centre for Intangible Cultural Heritage in the Asia-Pacific Region (IRCI)
- National Museum of Ethnology
- Agency for Cultural Affairs, Japan

3 KEYNOTE LECTURES by

- Fumiko OHINATA
Secretary of the Convention for the Safeguarding of the Intangible Cultural Heritage, UNESCO
- Michelle STEFANO
Folklife Specialist, American Folklife Center,
Library of Congress, USA
- Harriet DEACON
Lecturer, Centre of Excellence for Data Science, Artificial Intelligence and Modelling (DAIM) & Research Associate,
Wilberforce Institute, University of Hull, UK

5 SESSIONS on

- ICH Transmission and Pedagogies
- Community Empowerment and Inclusivity
- Migration and Displacement
- Legal Framework for ICH and SDGs
- ICH and New Technologies

and
SPECIAL SESSION for Early Career Researchers
